

A NOTE TO OUR PATRONS AND FRIENDS

We want to make sure that you know these things:

We will remain open to the public (unless otherwise noted)

We will offer curbside pick-up to anyone that would like to order materials either on the phone or email (mlbgraves@gmail.com)

We will continue to wear masks – and we appreciate you will too. Masks are required for *all* patrons while in the building. Per CDC current recommendations, masks are to be worn indoors by *all* patrons ages 2 and up including those who are unvaccinated as well as those who are vaccinated.

Let's work together to keep our Library open and safe for All!

PLEASE NOTE THE FOLLOWING:

If you or your child is a close contact and has been asked to community quarantine, then you should not visit Graves Library during that community quarantine period.

Conditions in which you should not use Graves Library Facilities:

If you have tested positive for COVID19 and are currently isolating.

If you have symptoms of COVID19 or cold symptoms without a negative test or are not feeling well.

If you are symptomatic and waiting for the results from a COVID test.

If your child has been instructed by your school district to quarantine from school due to close contact with a positive COVID case

If you are supposed to quarantine from community activities due to close contact with a positive COVID case.

If you have been identified by the CDC as a close contact and have been asked to quarantine.
